Bridgenorth Resident's Major Promotion

Steve Garbett (39) has been appointed a board director of Inkfish services limited, a newly formed company within the £172.2m turnover Domestic & General Group PLC.

The move follows the Group's restructuring of its business to better reflect the different areas within which it operates. Inkfish services limited brings together the massive Cross Point mailing operations and the fulfilment and pick and pack operation in Burnley.

Garbett runs the Group's bulk print, mail and distribution facility in Coventry with a team of 58 dedicated staff spread over 3 shifts operating 24 hours a day 5 days a week. He joined the Company in 1999 and has worked in the print & mailing environment for over 10 years. Since joining, the mailing unit has continued to expand and during the last financial year the facility despatched over 45 million letters for the D&G Group and other non-trade customers.

He was fundamental in masterminding the purchase of the first Multi Tier Letter sorter from the US into the UK which has been used to maximise postage savings for the Group over the last 18 months.
